All exterior MATERIALS and COLOR SELECTIONS are to be approved by the HOA prior to installation.

If the residence you are planning to build already has an existing residence on the adjacent unit (lot), duplicate colors/selections will not be approved for your project. Please make sure that your project is in accord with this requirement.

Below is the list of exterior materials/colors that must be approved by the HOA prior to installation. Keep in mind that we expect to receive from your builder the **entire list/samples all at one time** so that we can make an informed decision.

1. Roof shingles, brand, color, style and drip edge color.
2. Siding material, style, brand and color.
3. Brick selection (if applicable) including brick color, brand mortar color and mortar joint type.
4. Stone selection (if applicable) including stone color and mortar color.
5. Window jamb color (exterior only).
6. Gutter and downspout color.
7. Garage door style and color.
8. Exterior trim product type(s) and colors.

Any other exterior selections or features that affect the aesthetics of the finished project and development are required.

**Reminder:** No **sided** chase chimneys will be approved. Only brick, stone, plaster or stucco is acceptable.
